Potential Health Effects

Eyes: may cause irritation but no corneal injury is likely.

Skin: may cause irritation or allergic skin response.

Ingestion: this material has a probable low acute oral toxicity.

Inhalation: no guide for control known, however, exposure to heated vapors can cause irritation to the nose, throat or mucous membranes.

Health Hazards (Acute and Chronic): epoxy resins can cause sensitization by exposure through contact or high concentration of vapor. Eyes: injury if unlikely but stain for evidence of corneal injury.

SECTION 4 – FIRST AID MEASURES

Eyes: Flush eyes with water for at least fifteen minutes and consult a physician.

Skin: Skin contact will normally cause no more than irritation but wash affected area with soap and water and remove contaminated clothing promptly.

Ingestion: Low in toxicity, induce vomiting only if large amounts of material are ingested, and otherwise do not induce vomiting. In either case consult with a physician.

Inhalation: Remove victim to fresh air area and administer oxygen if necessary.

SECTION 5 – FIRE FIGHTING MEASURES

Unusual Fire and Explosion Hazards:

None known.

SECTION 6 – RELEASE MEASURES

Steps to Be Taken in Case Material Is Released or Spilled

Wear respirator and protective clothing. Shut off the source at the leak. Remove excess with vacuum truck and take up the remainder with an absorbent such as clay and place in disposal containers. Flush area with water to remove residue.

SECTION 7 – HANDLING AND STORAGE

Precautions to Be Taken in Handling and Storage:

Store in a cool dry place. Seal all partially used containers. Wash with soap and water before eating, drinking, smoking or using toilet facilities. Avoid all skin contact. Avoid breathing vapors generated from the material. Observe conditions of good general hygiene and safe working practices. Contaminated leather articles can not be cleaned and must be discarded if contaminated with this product. Wash all contaminated clothing prior to the reuse thereof.

SECTION 8 – EXPOSURE CONTROLS/PERSONAL PROTECTION

Respiratory Protection:

Use a NIOSH approved respirator as required to prevent over exposure to vapor in accordance with 29 CFR 1910.134. General exhaust is usually sufficient in lieu of NIOSH respirator.

Ventilation:

General exhaust is usually sufficient to control vapors and exposure hazards.

Protective Gloves:

Impervious gloves – neoprene or rubber.

Eye Protection:

Splash goggles or glasses with side shields.

Other Protective Clothing or Equipment:

Wear body covering clothing and other coverings as necessary such as an apron and appropriate footwear to avoid contact with material.

Work Hygienic Practices:

Observe good general hygienic practices.

See section three for occupational exposure limit values.
